**In re: Opposing counsel delaying to
frustrate and bankrupt**

Petitioner/s (person/s who started this case):

Aaron Surina

And Respondent/s (other party/parties):

Sirinya Polarj [Surina]

No 17-3-01817-0

Supplemental Declaration of :

Aaron Surina

(DCLR)

Declaration of:

[Aaron Surina; Dedicated Father of 2]

1.

**I am 41 years old and I am the Petitioner and Father of David and Andrew
Surina. Due to the continual denial of any motion I have ever filed, I stopped filing
them. This is a supplemental to put a few items into the file for removal or appeal**

considering the track record of never being granted a single hearing in 20 months with 3 different lawyers.

- 2.** I attest that I am a victim of domestic violence along with my children who are also victims of custodial interference. We have been denied rights which are guaranteed by both the Constitution and the RCW's.
- 3.** The court has held three hearings in regards to Mr. Glanzer insisting that my part of a previous marital property settlement be sold off and the proceeds put into his trust without any bills that were based on supporting the community since I am the sole provider for the community, I don't think my rights are being respected in regards to a lawyer bullying me around, forcing me into default, taking all my rights as the titled owner of my property away and then demanding that my ex-wife execute documents as if she is a seller or owner "by court order" all the while the entire transaction is being concealed from me. This is absolutely 100% illegal and there is evidence of fraud all over this group of people's work. The fraudulent deed that Carl coerced Sirinya to sign for 34,000.00 approx which deeded my half of our previous marital property settlement to Carl Wilson and his wife. That's a class C felony and I lost a buyer from that. The court had three hearings regarding my property. August 10, 2018 the court granted Mr. Glanzer a motion ordering me to immediately sell my property. Mr. Glanzer had no intention of allowing me to manage my property to get the most money possible. He demanded that I do not enter my property including inspect it. Mr. Glanzer honestly has no right to do this however using extortion threatening the future of my children in family court

as a 30 year veteran, I was extremely scared as I have not been granted any of the requests for the laws to apply in my case which are what my motions have always been in reference to. 20 months, 3 lawyers and not a single request for the case to follow the legislated statutes has been granted. Each one veers off into Spokane family law which isn't part of Washington state legislation, isn't available to read and is very confusing.

RCW 4.24.350

- 4.** one of which notice of the hearing was given 24 hours prior to the hearing where opposing counsel brought witnesses even though nobody representing me could be at the hearing. This hearing had to do with violating my rights as a titled property owner. The court ordered that I have no rights to know about, decide, price, execute or interact with any party involved in the sale of my sole and separate property as I understand it. I have no received a copy of the orders from March 27, 2019. This hearing was held without any opportunity to cross examine witnesses or even attend in person. This hearing did not follow rules for civil procedure. This hearing came without notice being served, this hearing came without any motion or pleading being available to anyone. This hearing was in violation of due process and my rights were further violated and or revoked by the court's agreement to whatever orders the only attorney there that day wrote.

- 5.** My sole and separate property is from a previous marital property settlement between my ex wife and I. We finalized our divorce October 16, 2018. August 10, 2019 this property was motioned a 2nd time with a different judge than the motion they ran before

and were denied in Jan of 2018. The house was ordered to be sold to fund a Guardian Ad Litem. I have already funded the guardian ad litem in November of 2018. That's 6 months ago and there is no guardian ad litem. David and Andrew, Mr. Surina's children, have had 2 or 3 more black eyes and bruises on their faces since then. This has went way too far and it's time to reel it in before it goes much farther. There are two young innocent children involved in this family. See attachments (-A-) which is a receipt from RK Law for the funds to pay the GAL. My understanding is that Mr. Glanzer was concerned about what might come out because Heather Lund is a good GAL so he figured out a way to keep her from taking the assignment.

- 6.** Opposing counsel (Mr. Glanzer) advised my wife that it would be in her best interest to leave me living in the streets trying to find a way to work and eat while she remained in the house instead of getting an apartment after she packed up the house in August of 2017 preparing to move due to the divorce she ended up signing herself up for without understanding what they were really planning to try to do. She's been misled the entire time which is very easy to identify in conversation with her. She is being told she's already won and the judgement is guaranteed. My amended child support worksheets give a glimpse at what I am ordered vs what the state says calculations should be. They are polar opposites about 20/80 80/20. I've attached a copy of the numbers prepared by a licensed certified public accountant. It's disturbing to realize what was intentionally ordered and which has impacted everyone in a negative way.

- 7.** Mr. Surina is the sole provider for his two sons. He has been since before either of them were born. He has been attacked and put through the most cruel and unusual

punishment because a lawyer is able to influence the outcomes regardless of the law in the courts which is very clear when you read the case.

8. Mr. Glanzer who has been paid by his real client, Carl Wilson to obtain the temporary restraining order so that Carl could get his revenge because I asked him to leave my house in July when I found him at the house while I was at work teaching my ex wife and mother in law how to scam dshs and lie filling out the documents with fraudulent answers to maximize benefits that aren't legal. Mr. Surina advised him that could affect my mother in law's immigration and I took the papers from him and asked him to leave. Mr. Surina was in absolute disbelief that Carl would do something like that without discussing it with him prior. This was disrespectful and certainly not something Mr. Surina expected from Carl although they have spoken on a handful of occasions but Carl's wife was the one who usually came to the house. It was odd to see Carl there potentially ruining Sirinya's mother's immigration benefit after we had not even paid for it all yet. After all, the time I had invested trying to help my ex wife realize the American dream and have her mother here which Mr. Surina thought could be a really good thing. MR. SURINA had been sold a totally different situation than what really happened.

9. Carl Wilson took it very personally and was telling Sirinya and her mother who just arrived that Mr. Surina was trying to take from the equity from the house and leave them in the streets without any help. Sirinya already had agreed to a property settlement with me in regards to investments made in Thailand over time. We sent thousands and thousands of dollars to Thailand to start a sugar cane farm which is still

producing revenue but not a single dime has been pooled into this family and it's expenses or savings. Unfortunately, They started to believe him as now that know what was really going on from delusional 911 calls stating that I was taking "all the money (we didn't have!) and going to sail around the world"!.

- 10.** The county parcel page for Mr. Surina's property is attached showing who owns the house. Make no mistake, opposing counsel and Carl Wilson both are working together through the coercion, isolation, empty promises and interest on loans which they have assumed would be their ticket to stealing the house from me by tricking my ex wife into legal fees amounting to the equity in the house.

See attachment (-C-) **Spokane County Parcel Information #35261.1514 dated 1/25/20190**

See attachment (-E-) **Email of Keith Glanzer interfering with property rights**
Denying me the right to have a realtor schedule a showing 2 weeks after he motioned for the house to sell August 29, 2018

- 11.** I noticed that my court ordered release of payoff quote had been altered while visiting with Roger Coombs whom I had been referred to in regards to drafting a deed to stop Mr. Glanzer from interfering with everyone and everything with regards to the sale of my house.

See attachment (-F-) **The authentic "release of payoff Quote"** which was altered and lacked my requests if used. Someone had removed my terms on the version Gustafson law had. That's a fraudulent document they were using.

- 12.** Large investments were made in Thailand and it seems that the consensus is that Mr. Glanzer is used to taking what he wants regardless of legal and binding settlements dividing this property which protect the property from his legal fees, especially in a case he has no legal standing in outside of coercion and ex parte communication with his friends at the courthouse who are involved in this matter.

See attachment (-G-) **Spreadsheet of some of the funds transferred to investments in Asia (Previous marital property settlement re: Rocky Ridge)**

- 13.** I tried to schedule affordable mediation under the circumstances as Mr. Glanzer is a 30 year bankruptcy attorney, he very quickly crashed my finances intentionally. He knew exactly what I was making and his goal appeared to be to force me into my car so that I sell the house and he can attach his fees by manipulating the court to violate my sovereign rights as a titled property owning, tax paying citizen. So he did force me to live in my car and at family's in spare rooms and on couches with my children having to go through that as well for nearly 17 months.

See attachment: (-H-) Fulcrum Dispute Resolution emailing me to let me know that Mr. Glanzer refuses mediation and he will consider that harassment if I request again. I still do not understand why I was denied mediation and why my ex wife was also denied. A year and a half later almost, we went to James Hatch and were charged 250.00 hour even though the county mediator list has him for 200/hour. Our financial crisis prompted a realistic mediation service we could actually afford. We had

discussed at parenting exchanges some parenting ideas. Sirinya had asked me and my sister Karmen why we do not accept 50/50. She was being told that we are not wanting 50/50 and that we're trying to take the children from her. I put up with her violence for nearly the entire marriage.

See attachment: (-/-)

- 14.** Now to avoid that snare, it appears that Carl has Keith forcing the house into foreclosure by obtaining illegal orders from the court essentially removing every right except the burden of the mortgage payment and forcing me out of being able to collect rent, profits, enjoy my children on my property or have the basic liberty that being a titled land owner provides a father who was/is the primary custodian parent and caretaker of my ex-wife who's not familiar with America and did not want to explore, enjoy and embrace the way of life.

- 15.** This divorce has been going on now for 20 months, started out of totally frivolous testimony of opposing counsel who obtained a restraining order stating he was scared that Mr. Surina might move "unidentified assets" to his sister's house in Idaho. RCW 26.50.200 states that nothing in the domestic violence prevention chapter effects title to real property. Considering that there was not any violence ever perpetrated against the mother of Mr. Surina's children and that she confirmed that very fact on the day of service as well as on a call where Mr. Surina had to call the sheriff's to come out and calm her down from a rage incident a couple weeks prior to that date. Nobody can legally go into a court house and obtain a restraining order that restrains a man from

his sole and separate property. This is trespass to chattel at it's elementary nature and government seizure for public purposes in other aspects. This property was justified to be sold after the court in Jan of 2018 denied my lawful right to rent t6he property to avoid losing it as well as allow me to obtain a residence.

16. I am asking the court for judgement regardless of form structure. The facts in this case are abhorrent and heinous. This is happening on a regular basis over title IV-D funding among other problems within our system. This is affecting a lot of children.

RE: David Surina (DOB: 8/12/2012)

I, Zachary Zorrozuza am a Licensed Independent Clinical Social Worker, and Chemical Dependency Professional operate a psychotherapy office in Spokane, Washington. On 8/8/2017, David Surina was brought into meet with me to assess for a stress related disorder. His father Aaron Surina, requested the session. Aaron explained that David's mother had been verbally and physically abusive in their marriage, and he was concerned that this conflict may be having a negative impact on David.

Given David's age, I utilized play therapy techniques when meeting with him. While playing, I did ask about some of the dynamics between his parents. During the assessment, he made gestures to demonstrate that his mother would scratch his father, and also stated that she "yells a lot". Unfortunately, this was the only information I was able to get from him, as he asked that we refocus the attention to playing with the matchbox cars that we were using. Since this was our first meeting, I did not push the issue. This was the only session that I facilitated with David, due to his mother not allowing him to participate in any additional sessions.

Based on the information provided by his father, and behaviors that were displayed during the initial session, I would recommend that David participate in some form of therapy. The reason that this is justified is that if David is witnessing this type of behavior in the home, David is going to have a difficult time of managing his emotions, working through conflicts, and engaging in healthy relationships, as this has not been role modeled for him in the home. Based on the information provided, it is also likely that his parents will be getting divorced, and it may be necessary that David has someone to talk to about the change in family dynamics.

I swear, under penalty of perjury in Spokane, Washington that the statements included in this letter are accurate, and truthful. If additional information is necessary, please feel free to contact me.

Hello Aaron,

I made contact with Ms. Surina this morning as was confused as to what mediation was and I explained. She said she wasn't sure and needed to speak with her lawyer. I also asked if she received our invitation letter and she said she did not and has a PO BOX. I obtained that information and said I would re-forward that to her. She agreed.

She then called back and said that she spoke to her lawyer and that they were not ready for mediation and if I were to call back she would "consider it harassment so stop".

Ms. Surina is refusing mediational services with us and therefore Fulcrum is closing the matter.

If the court orders that you must participate in mediation and both parties have agreed, please feel free to call me so I can re-initiate mediation for a later date.

Thank you,

Ashley Morehead

① Where are my notes when I tried to sit down and talk to you last time you had moved in things?

② What is trust? What do you trust about me?

③ Money: You do not make decisions for anyone else but yourself.

④ Rules: We need to set final rules. Basic rules of decency and common sense. Chaos is not welcome.

⑤ I do not care you, I give without question more than anyone. That needs to be brought out. Better.

⑥ I have never had a conversation with your mom. She is someone I know. I like her. I do not know her very well.
