Superior Court of Washington, County of Spokane

In re:

Petitioner:

Sirinya Polari

And Respondent:

Aaron Surina

No. 17-3-01817-0

Affadavit of truth in support of 2 minor
children and respondent *Aaron Surina*

(DCLR)

Affadavit of truth

1. I am 44 years old and I am the: ☒ Respondent, Father
2. Respondent is the sole financial contributor to the Surina children.
3. Fidelity has reason to believe there may have been some type of fraud and froze the account. I did speak to them to inquire what happened but was not given the details. I worked with them to prepare a QDRO so this issue can be resolved.
4. The current temporary "final orders" were for a 1 year period where we get used to and bring up the items that need to be adjusted during the review in November or December.
5. Respondent does not have any child support arrears and is hoping to keep it that way.

-
6. Recently the state filed documents which outline that they would not be reducing my child support if I lost my job. They also outline that they are not reducing the support for the months of June, July and August but the court has ordered it.
 7. Respondent does ask the court to motivate mutual cooperation with parenting as the court has ordered June as the half a month of the summer months which has specific days the petitioner wanted to make her days (the first week after school lets out) which alters the week on week off totally and leaves her with both children's birthdays for the rest of their childhood.
 8. The respondent does intend work out the issue which he's already facing before the 50/50 plan has even started, having to insist on his time with his children granted to him. to get his 15 days of June as ordered and as it states "The children will spend half the months of June, July and August with each parent" . This is the most important item of the day as the respondent has shown good cause and worked hard, moving towards a permanent, equal and healthy 50/50 as we wait for our review in November for final parenting and other 1 year items.
 9. Please review the final order, 11/27/2019 notes of the final ruling in case 17-3-01817-0 and reach out via our family wizard with any items that need discussion or sign if it works. We can meet and sign the documents and the petitioner (or respondent if she does not want to) can take them down immediately for signature at the courthouse today and then I will immediately send back to fidelity who is ready to receive and process.

10. The notes are an order like form that can be mutually agreed to and signed off at the same time as the QDRO. They represent the actual final orders and have both parties awards rather than omitting the respondent's items by being rushed during Christmas.
11. The respondent hopes to save the court and parties time by cooperating with amicable and reasonable acceptance of the court's intentions.
12. Filed with this declaration is the QDRO which is ready for review. I also have not received the tax documents for the kids going forward. I think we can take care of all of this now and not have to return to any of these leftover items going forward.
13. The respondent is hoping to meet at the courthouse or hospital to sign the QDRO, tax documents and final temporary orders (amended without handwriting, with the awards for the respondent that the Judge provided and were not included in the temp order signed on 12/20/2019).
14. The respondent filed a copy of the contract which relates to financial incentives received by the county commissioners based on placement and is requesting review by Superior Court Judge and direction for procedural steps to prevent further trafficking of family

Judge Michael Price

Part 2 – Parenting Plan

David 08/12/2012 – 7 years old

Andrew 06/26/2016 – 3.5 years old

Ordering substantially more time of boys with Father Aaron Surina

26.09.191 Restrictions states that Shared Parenting can be ordered ONLY IF there is a Shared History of Cooperation. Here we have not had a history of cooperation so we can not rule shared parenting at this time.

There has been questionable behavior in the history of this case. Every time Mr. Surina comes to court he is losing, everything is being taken from him, he is losing when it comes to everything that matters most to him, his children. This is certainly expected to cause challenges to any reasonable person. This is contrary to the children's best interests.

48 of 10

Plain and Simple – Judge Price says – these boys need their dad.

Judge Price: I am significantly increasing the time of the boys with their father, Aaron Surina.

This case will 100% be assigned to Judge Price.

No changes will be made except by Judge Price.

Disputes:

THERE WILL BE NO MEDIATION ALLOWED IN THIS CASE

DISPUTE WILL BE COURT ACTION ONLY WITH JUDGE PRICE

Any problems from either party will create an adjustment to the parenting plan.

Currently – Sirinya Surina will be the Primary Residential Custodian.

Due to 191 Restrictions regarding abusive use of conflict in this case involving the children, the restrictions are that there can not be joint decision making.

Decision making will go to the Primary Residential Custodian.

School and Medical Decisions will be made by the Primary Residential Custodian

* I added this for you to get approval as it is usual wording which I think you will get when you use the standard form and fill in this information to it

* Urgent or Emergency Medical Decisions while the children are with their father may be made by the father.

Extra-Curricular Activity choices of the mother can not interfere with the children's time with Father – Aaron Surina

- Parents can jointly decide on Extra-Curricular activities.

Education – Sirinya Surina choice

- Father has no obligation to pay for Sirinya Surina education choices for the children such as private school tuition.

- Parents can jointly make mutual decisions.

- Without agreement, mom has the decision.

- Aaron Surina has no obligation to pay for Surinya Surina's decisions.

Without a history of cooperation in parenting decisions, the court can not order shared decision making.

The parents CAN choose joint and mutual decisions.

The parents CAN choose shared decision making.
