Sirinya Surina Declares:

1. I am the Petitioner and mother of David and Andrew Surina;
2. Alcohol and Drug Use. I have not "done these things too." I do not drink and I have never used street/recreational drugs. Aaron uses marijuana on an almost daily basis. He used it in Oregon and still uses it. There is currently a pint bottle full of "the good stuff," flowers etc. at our house. (**Exhibit A**, true and correct photos of the bottle and Aaron's paraphernalia.)
3. Thailand Cultural Ceremony Confusion. Aaron accepted, agreed and planned for the "Formal" marriage ceremony. He took me back to my hometown for it.
4. Post Partum Depression. David was born 1 week premature and was jaundiced. He spent extra time in the hospital in an incubator under special lights. I breast fed David for about 4 months before I could no longer produce milk. I am the one who changed and held and comforted David from the beginning. I did not suffer from Post Partum Depression. - 1 deceptively drove me to the hospital. He told me he was taking me shopping. I was totally
2 shocked and unprepared for what he did by taking me to the hospital. He had already
3 called the police and medical personnel, who were waiting for us. He told them I was
4 suicidal. I had no idea what they were talking about and denied any thought of suicide. I
5 was interviewed by the police and medical personnel and released. While Aaron points to
6 this incident as an example of my unfitness as a parent, we later tried to start a day care
7 center for me to operate, and we became pregnant a second time with our son Andrew.
- 8 5. Medication. I deny being given medication for any anxiety disorder. Any medication I took
9 was given to me by Aaron who told me it was vitamins and I obtain vitamins as over-the-
10 counter items at local stores, not the pharmacies. All visits to doctors were with Aaron
11 who did most of the talking for me because I don't speak or understand English very well
12 nor do I read or write it very well. I trusted Aaron was doing the best for me. I deny ever
13 asking Aaron to take me to the doctor for emotional problems. I did ask Aaron to go to the
14 doctor to renew his medications for ADHD and Anxiety disorders. (**Exhibit B** true and
15 correct photos of the Aaron's medication bottles). I also asked Aaron to go with me to
16 counseling for our marriage troubles. I admit to defending myself as best as I could when
17 Aaron physically attacked me. I am 5'2" and weigh about 120 pounds against his 6'5" and
18 at the time 340 pounds. The fact that he had his camera already videoing the incident
19 shows his intention to incite me to retaliate.
- 20 6. Thai Bank Account. I do have a Thai Bank Account. It holds the money from that is being
21 repaid to me from loans I made to a friend before meeting Aaron and moving to the USA.
22 There is no money deposited there from Aaron and my joint bank account. It has 50,000
23 Thai Baht (about \$1,500 USD). (**Exhibit B.** Bank accounting.)
- 24 7. Joint Bank Account Transfers. The Moneygram transfer was sent to my mother with
25 Aaron's approval, he was there when it was purchased. He later gave my grandmother to
pay Benjamas' debt a Bank of America ATM card so we didn't have to pay any more
Moneygram fees. Aaron received text/email messages on his phone for any transfer made
from our account. Every withdrawal or payment I made from our joint account, the only
one I had access to, was immediately relayed to Aaron via text/email to his phone. I was
also required to save and show Aaron every receipt for any purchases I made.

1 8. YMCA Gym Membership. The YMCA membership was initiated by Aaron. I took David to
2 swim class. I also used it for my exercise. Aaron was complaining that I had gained too
3 much weight with the two pregnancies. He complained that I was lazy and did nothing at
4 home and derided me about my weight, so I started a diet and exercise plan and lost 30
pounds in about 3 months.

5 9. Internet Stalking. The Fingerprint lock was installed after Aaron took my phone and
6 deleted all my photos. Those photos may still be in Aaron's Google Photos" cloud account,
7 where he had all of my photos uploading until I took the phone to T-Mobile and had them
8 delete my old accounts and set up a new accounts so he couldn't see every photo I was
9 taking or follow me on my Google Timeline. There were two Keylogger apps installed. A
third party removed them, but no screenshots were made. However, it may be possible to
show that they were once on my phone. Aaron is very adept at Internet Technology.

10 Leaving David at YMCA. David was in the Children's Play Room at YMCA when Aaron
11 came into the Y. I was on the Mezzanine floor using the exercise equipment. YMCA does
12 not allow child "drop-off" so the parent who signs them in cannot leave the building without
his or her child, nor can anyone else sign the child out of the Play Room.

13 10. Recording Provocation. Aaron was constantly provoking me by pushing his camera in front
14 of my face, disrupting whatever I was doing whether it was cooking, cleaning or caring for
15 the children or even talking on the phone. He constantly tried to provoke me; then he
16 would record my response and talk into the video showing that I was "out of control." At
17 times, Aaron videoed himself pointing to objects and saying I had damaged this or that,
when actually there was no damage or it was something he had done himself. Again, he
was always trying to set me up as a bad mother, out of control, needing mental health
treatment. He often told me I needed to go check into the mental health hospital. In mid-
summer, he started asking me if I was ready for divorce. He told me we didn't need a
lawyer, that he would write up all the papers and I only had to sign them. He kept prodding
me to do agree to divorce and sign paper that he would prepare.

21 11. Summoning Police and talking to David about arrest. Aaron refused to leave the house
22 after being served. He said it was his house and he wasn't going anywhere. I asked the
23 person who served the Restraining Order to stay until he left because I feared for my life.

24 He didn't start to prepare to leave and stated he wouldn't leave so the police were called at

- 1 my attorney's recommendation. It still took them some time to get him to leave. I did not
2 tell David his Dad was going to jail.
- 3 12. Aaron's early arrival at Fred Meyer. Aaron arrived at the exchange point early. I therefore
4 had to drop my mother and the children off some distance away. They had to walk a ways
5 to get to the exchange point. I drove away but I didn't take any photos of Aaron.
- 6 13. Vaccination Appointments. I was not advised of any vaccination appointments. Aaron did
7 not ask me to take the children to those appointments.
- 8 14. Schooling, cooking and household duties. We decided to continue to have David enrolled
9 in his present school. Aaron has committed to paying for David's schooling and I agree he
0 should continue with this school for the time being. I recently contacted the school to
1 confirm with them that I was the one picking David up and dropping him off due to our
2 court order and not Aaron. The school asked for copies of the orders. I prepare meals for
3 the whole family, including Aaron.
- 4 15. Transportation. I was not involved and have no knowledge of any trade deal with Larry
5 Miller Hyundai for a Chevrolet TRZ.
- 6 16. Ford Expedition. We paid Aaron's mother cash, for the Expedition. Aaron signed the
7 transfer papers but as far as I know did not register the vehicle in Washington. The BMW
8 is also not registered in Washington.
- 9 17. Recent exchanges. Andrew has been returned with very messy diapers, dehydrated and
0 hungry and not dressed. Aaron has kept lunch boxes I sent with the children. I feel Aaron
1 should complete some age appropriate parent training relating to Andrew.
- 2 18. Note Exchange. Aaron and I have exchanged notes. I have attached his note. **Exhibit D**
- 3 19. Reply to Alyssa Surina Aaron younger sister. I did not and I never have encouraged David
4 to pee outside in from of other adults and children and I correct him when he does this.
5 He is a little boy and needs this guidance. Aaron and I do not disagree on this issue.
6 David has not had a problem with exposing himself in pre-school or school. Disagreement
7 about child safety. Both Aaron and I use car seats when transporting our children. When
8 Aaron kept our car seats, I purchased new car seats for me to use when transporting the
9 children. When I did not transport Andrew to David's birthday celebration, Aaron went and
0 picked up Andrew and my mother because he had the only car seats at the time.

1 20. Reply to Chuck Karschney: our neighbor. Now that Aaron doesn't live at our residence
2 and I have daily access to a vehicle because the keys aren't missing, I take Andrew and
3 David to the park, hiking and to other fun activities away from our house. It is not strange
4 for him to not see anyone playing in our back yard. Aaron also takes the children
5 elsewhere for his time with the children that do not include our backyard due to our court
6 orders.

7 21. Reply to Jesiah Metzker: Aaron's long time friend. Our cultural Thai wedding was not
8 shady. As Aaron stated, he willingly participated in the traditional ceremony on my behalf.
9 While he may have seconds thought now, he wanted to do this for me and he did.

10 22. Reply to Karmen Colby. I am a stay-at-home Mom. I have not equated Ms. Colby's status
11 as a stay-at-home Mom to a slave. Further, to suggest that I discussed raffling my son
12 Andrew to the highest bidder is silly. Ms. Colby is depending on an automatic translation
13 of these posts. These Facebook posts are from my mother's friend, Upin. The correct
14 translation is attached as **Exhibit C**.

15 23. Occupancy of Family Residence. I have been packing some of my belongings. It is my
16 understanding that Aaron wants to sell the house. But for now, I have no place to go and
17 no money to make a move. What Aaron's family sees at the front door is a stack of framed
18 family pictures (Aaron and Sirinya), which Aaron removed from the walls, in preparation of
19 taking them to the dump.

20 24. Future work. I have no immediate plans to begin working outside the home at this time.
21 After 7 years of remaining in the home bearing and caring for our children, I am ill
22 prepared to enter the workforce. I plan to enroll into an English as a 2nd language class to
23 prepare myself to earn a GED and to enter into some training classes where I can learn a
24 marketable skill. In the meantime, I will be saving us daycare costs.

25 I declare under penalty of perjury under the laws of the state of Washington that the foregoing
is true and correct.

Signed at Spokane, Washington, September 25, 2017.
