SPOKANE COUNTY CLERK

Sirinya Surina Petitioner
v.
Aaron Surina Respondent

Judge Steve Dixon
Spokane County Superior Court
1116 W. Broadway Ave
Spokane, WA 99203

case no: 17-3-01817-0

Date: 06/28/2023

Subject:

Children and Request for Hearing Motion for Temporary Order Preventing Move with

Dear Judge Dixon,

I am Aaron Surina, the respondent and father of David and Andrew. I write this declaration to bring the move which was denied in the hearing but sworn to in the notice by opposing counsel to your attention. The manner in which this has been done is not what the court's nor legislature intended with regards to relocating and the well-being and best interests of our children, David Surina and Andrew Surina. As the noncustodial parent, I respectfully request your intervention by granting a temporary order to prevent the relocation of our children until a thorough hearing can take place to determine the best course of action in accordance with the rules and statutes governing child custody matters. I do not object to her relocating without the children.

P 1/5

I have reviewed the details of the proposed relocation plan put forth by the petitioner, Sirinya Surina, taking into account the guidelines set forth in RCW 26.09.520. Based on my understanding of the applicable rules and regulations, it is likely that the court will deny the relocation of the children for the reasons previously outlined in my motion.

Furthermore, I wish to bring to the court's attention an additional concern regarding Sirinya Surina's lack of cooperation in providing necessary financial documentation. On the 23rd of June, you (Judge Dixon) issued an order requiring Sirinya Surina to produce two specific forms that are crucial for the respondent to finally find resolve around his taxes. The court's order is not being followed, I did discuss with counsel in a one way conversation asking for compliance around this item. I have attempted to resolve this issue but I am probably witnessing the petitioner tell her attorney that she does not have to follow this edict. This certainly is not the first time she has done this.

I am also writing to bring an urgent matter before the court concerning the well-being and best interests of our children, David Surina and Andrew Surina. As the noncustodial parent, I respectfully request your intervention by granting a temporary order to prevent the relocation of our children until a thorough hearing can take place to determine the best course of action in accordance with the rules and statutes governing child custody matters.

I request / motion the court to assess the financial aspects of our case, particularly in relation to claiming the children on taxes. I hope you can accept this form as such.

PLEASE, I motion the court to compel these irs form 8332 forms (one per child, per year. that is two forms per year. Not a form that has multiple years written on it, that will not be accepted by the IRS. We file taxes annually).

In light of these circumstances, I kindly request the court's immediate attention to address this matter promptly, ensuring that Sirinya Surina complies with the court's order to provide the required financial documentation. Additionally, I reiterate my request for the court to schedule a hearing at the earliest convenience to thoroughly examine the proposed relocation plan and its potential impact on the well-being and best interests of our children.

I ask the court to order the petitioner abide by the proposed parenting plan I filed recently if she moves before the court grants the petition. I have attached a motion.

As per the rules governing motion practice, I have attached a copy of this motion, including the additional concerns about Sirinya Surina's lack of financial transparency. I trust that the court will consider this motion and the related matters in a manner consistent with the rules and regulations of the Spokane County Superior Court.

P2/5

I have reviewed the details of the proposed relocation plan put forth by the petitioner, Sirinya Surina, taking into account the guidelines set forth in RCW 26.09.520. Based on my understanding of the applicable rules and regulations, it is likely that the court will deny the relocation of the children for the following reasons:

Disruption of Stable Environment: The proposed move to Cheney, Washington has nothing to do with the children who were not considered in any regard and as such will significantly disrupt the children's stable environment, including their schooling, the independent educational program for David which became necessary after spending so much time in the bar late at night and being tired in school everyday, as well as the boy's extracurricular activities, and social connections. Preserving stability and continuity in their lives is of paramount importance for their overall well-being and healthy development. The wishes of both boys are to move in with Dad, asking when they will be able stay at Dad's house for school. Right now, investing money to fight doing the right thing for our children is a decision that is up to her. The obvious reason is her fear that she may be asked to contribute to the cost of raising children financially - Sirinya will try to prevent any obligation to financially contribute to our children with out receiving money for free first. This is all about her hiding he finances, hiding a very demanding restaurant and lounge(bar) and asking to keep the parenting and support order as is from when she had 0 income and all day everyday to "care for our kids". The thought of recalculating child support which Judge Price calls out as an item reviewed and considered if she was wanting to claim a child of course is not followed.

I am writing to bring an urgent matter before the court concerning the well-being and best interests of our children, David and Andrew. As the noncustodial parent, I respectfully request your intervention by granting a temporary order to prevent the relocation of our children until a thorough hearing can take place to determine the best course of action in accordance with the rules and statutes governing child custody matters.

P3/5

Children's Best Interests: Pursuant to the court's duty to prioritize the best interests of the children, it is vital to ensure that their physical, emotional, and developmental needs are met by promoting a nurturing and stable environment that allows for a strong and supportive relationship with both parents. The petitioner is asking to keep a restraining order on my children. She asked that the children have a restraining order placed on them so they aren't allowed to call anyone in their family who loves them and would be able to assist them, including if there was an emergency and they were left with the petitioner's mother who is unable to communicate an emergency and has been charged with and caught red handed molesting one of the children.

Additionally, I wish to express that I do not object to Sirinya Surina moving without the children. I understand the demands of her business and acknowledge that she may have limited time to devote to the children in this season of her life. As a dedicated and involved parent, I am ready and willing to step up and assume additional responsibilities to fill the gap, ensuring that our children's needs are met and their best interests are protected. The petitioner claimed that as the sole proprietor of her business and the only one who speaks English, she is only there 20-30 minutes a week. This is impossible, and I intend to prove that is not true in the trial.

In light of the aforementioned circumstances, I kindly request the court to schedule a hearing at the earliest convenience to address this matter in accordance with the rules and procedures of the Spokane County Superior Court. I trust that the court's intervention and thorough evaluation of the potential consequences of the proposed relocation will ultimately serve the best interests of our children.

P4/5

As per the rules governing motion practice, I have attached a copy of this motion for your review. I respectfully request that you consider this motion in a manner consistent with the rules and regulations of the court.

Thank you for your attention to this matter, and I eagerly await your guidance regarding the scheduling of a hearing. I am confident that with the court's intervention, a just and equitable resolution can be reached that safeguards the well-being and best interests of our children.

I hereby affirm, under penalty of perjury, that the statements made in this affidavit are true and accurate to the best of my knowledge and belief.

Sincerely,
□ AARON SURINA
