SPOKANE COUNTY CLERK

SUPERIOR COURT OF WASHINGTON
COUNTY OF SPOKANE

In re the Marriage of:

SIRINYA SURINA

Petitioner,

And

AARON MICHAEL SURINA

Respondent.

No. 17-3-01817-0

REPLY DECLARATION OF:
SIRINYA SURINA RE: RESPONDENT'S
RESPONSE TO PETITIONER'S MOTION
FOR CONTEMPT

Sirinya Surina Declares:

1. I am the Petitioner and moving party for the motion for contempt;
2. Willful Violations: Aaron continues to send me self-serving texts to support his narrative that I am an unfit mother. He appears to understand curbside exchanges except when he want to push and probe to see what he can get by with. I feel that he continues to bully me. His sarcastic texts are not meant to be funny and violate the court's order for civil restricted no contact. He excuses himself by suggesting he is confused when he knows exactly the affect his texts have on me because I have made it known to him.
3. School Pickup due to Request for full-time school attendance. I have provided David's enrollment documentation to the court. It was for ½ day attendance for Monday through Thursday and full day for Fridays. Although my attorney was unaware of this schedule when we entered the temporary order, Aaron was fully aware of the schedule.

- 1 4. Attendance and Setting Doctor's Appointments. Aaron infers I haven't taken our children
2 to Doctor's appointments alone. This self-serving email is untrue. I have been going with
3 the children to the doctor since David was born. Aaron was usually there, but sometimes
4 he was working and I went alone with the children. I took the children for their
5 vaccinations and well-baby care appointment to the same doctor and clinic they have
6 always gone to. I notified Aaron through counsel about the visit but Aaron continues to say
7 he doesn't know the results or where I took them, even though he has access to that
8 information. Further, Aaron didn't "advise" me about any appointment, he gave me 2
9 options, Tuesday or Thursday and told me to choose or he would choose for me. He
10 could have taken them on Wednesday, if he wanted to. I cancelled the appointment Aaron
11 tried to force on me and made one for the next week, which better fit the boys and my
12 schedules. I took them to their regular clinic.
- 13 5. Looking for Work: Page 5, line 3 and 10. It is misleading when Aaron tells the court I am
14 somehow "looking for work." I have already indicated that I am attending "English as a
15 Second Language" (ESL) classes and when I am proficient enough I will take GED
16 classes. Once I am prepared to enter the work force, I will apply for employment.
17 Meanwhile I will take care of my children during the day and go to school in the evenings,
18 while my mother will care of them. No need for child daycare or extended school days
19 since my classes are in the evening. (Line 10) Prior to Andrew being born we wanted to
20 open a Day Care center of our own. Since then, I have not, nor am I now looking for work.
21 I am taking evening classes to prepare myself for work, which my counselors tell me will
22 probably take 5 to 6 years. Aaron's proposal is disruptive to the children's lives and has
23 nothing to do with helping me.
- 24 6. School Pickup: Page 5, lines 12 & 21. There is NO court order to mandate exchanges at
25 school. There is a possibility of exchanging at school with both parties agreeing to do so. I
DO NOT want to exchange at David's school. The previous exchanges, if and when
agreed upon, should have been curbside at the school, not having Aaron waiting outside
David's classroom door at 2:45PM, where I always meet David. But on this day, no school
exchange was agreed upon. That's why neither Andrew nor my mother was there. Had it
been an agreed upon exchange, my mother would have escorted David and Andrew to the
parking lot curb where Aaron could have picked them up. This was a huge breach. I did

1 not grab David's arm but Aaron got between me and David and he grabbed David's arm
2 and hurried him down the stairs and out the door. The school has CCTV if the court is
3 inclined to view it.

4 7. School Volunteering: Page 5, line 17. I have addressed school volunteering through
5 counsel and in my proposed temporary parenting plan. I asked for a 24-hour notice to me,
6 so I can plan for it. I am always there for drop-off and pick-up times so he should not be
7 there at those times to comply with the civil no contact order. I am sometimes there when
8 scheduled for volunteer time. I need to know, in advance, when Aaron wants to be there,
9 but it shouldn't be a daily thing.

10 8. Failure to exchange at curbside: Page 5, line 19. Aaron's suggestion that he was just
11 being courteous and ☐ showing manners is disingenuous. On November 1, 2017 he did
12 not get out of the car to seat the children in their car seats. He made their grandmother
13 seat children in his car while he and his passenger sat in the front seats and had her to do
14 it. Also, upon returning Aaron didn't help remove the children but had her take them out by
15 herself. Aaron should always seat and un-seat the children from his car. He should also
16 return our children's belongings at the end of each visit.

17 9. Pulling David out of School Early: Page 6, line 5. There was never agreement to David
18 being enrolled in Full-day school. Please see Exhibit B of my Responsive Declaration filed
19 November 3, 2017. David is enrolled in half-day school as we agreed.

20 10. Taking Children to Hospital. I have never "punched" my kids; I have NEVER even
21 spanked my children. No one has ever seen me harm my children in any way. I
22 understand accidents happen and children fall down. I don't blame anyone for those
23 accidents, but I will lay blame for actions done deliberately or when children are placed in
24 a situation that's neither healthy nor safe.

25 11. None of this exempts Aaron from emailing me to tell me where my children are after he's
hours late in returning them. I sent him several emails asking where he was and where my
kids were. I asked if they were in an accident. I called my attorney for advice. I had to call
the police to find out that my kids were in the hospital. I was so worried; I was in tears
while talking to the police dispatch. I was scared something bad had happened to my
children. I waited more than 2 hours before I knew they were OK.

1 Aaron had told them I punched my baby so the police came to my house to interview me
2 and look around the home. The next day CPS came to the house and interviewed me.
3 They also went to the school and interviewed David. Then CPS returned to the house to
4 interview us again. It was discovered that David had been coached to tell everyone
5 that mommy punched Andrew.

6 12. Social Media. Aaron is an avid user of social media. His Facebook identification is Biig
7 Aaron and his Instagram identification is voub. Please see attached Exhibit A. Aaron's
8 behavior of notifying CPS with false claims and appearing for exchanges early and
9 blasting his horn seems to be planned as outlined in his Instagram posts right after our first
10 court hearing. His request for use of the Expedition was also misleading due to the fact he
11 had car rental coverage on his broken down vehicle.

12 13. Finding of Contempt. I ask the court to make a finding of contempt and award attorney
13 fees in the amount of \$1,500.00. Aaron is a very intelligent man and his actions and plans
14 are well thought out; they are not accidents, he is not confused.

15 I declare under penalty of perjury under the laws of the state of Washington that the
16 foregoing is true and correct.

17 Signed at Spokane, Washington, November 6, 2017.

vousb The pizza transition. Kid was starving. It's a tough spot but I will love these boys with everything I am. It's all I am able to do. I will continue to fight for the best life of my children. That's what a real father does. I'll teach you how a real man does it. Watch and learn. Whatever the cost, my children and their overall wellbeing will be paid.
